

A9220

2U Short Depth Image Generator

The A9220 is an Intel® 12th/13th/14th gen image generator designed for high-performance applications. With an 18" short depth, it supports NVIDIA® GeForce® (40xx series) and ProVis series GPU cards. The system includes 2x 10GbE and 2x 1GbE on the motherboard, USB 3, and a low-profile PCIe x4 for additional I/O. This product is ideal for advanced image generation in training and simulation environments.

Highlights

- High Performance
- Compact Design
- Versatile I/O options
- Ideal for High-fidelity image generation

Processor:
Intel® 12th/13th/14th
gen dual socket

GPU Support:
NVIDIA® GeForce®
(40xx series) and
ProVis series

Network:
2x 10GbE and 2x 1GbE
on motherboard

I/O:
USB 3, low-
profile PCIe x4
